

## Articulated Stands, Industrial Grade

Articulated arms can be positioned easily and precisely in the desired position. All three joints are fixed steady with the central tightening knob. The quick lock and the step-less tensioning system assure ease of use and allow efficient working.

Optilia Articulated Stands are maintenance free and made of high quality Chromium plated steel and anodized aluminium parts. These stands are compatible with Optilia Flexia video microscopes and Optilia W10x-HD inspection cameras.

### Specification:

Item No.	L (mm)	L1 (mm)	L2 (mm)	D1 (mm)	D2 (mm)	M1 (mm)	M2 (Inch)
OP-006 325	420	240	285	18	18	φ 20	UNC 1/4"-20
OP-006 326	620	335	285	18	18	φ 20	UNC 1/4"-20

### Accessories:

**Item No. OP-006 330**
